### Acknowledgments to Peer Reviewers 2017

The editorial team of GPB wishes to extend a heartfelt thanks to the GPB reviewers who have provided valuable comments for manuscripts under consideration by GPB during 2017. GPB has reached one of the important milestones in the history of journal development and all articles published from 2015 are available in Web of Science. We highly appreciate your great endeavors in 2017. Your contributions are vital for the ever-improving scientific quality of the journal. In 2018, there will be even more submissions and we expect more stringent review process accordingly. Please be aware of the rising bar of quality for the acceptable articles and look forward to your continued support in 2018!
